	Ulika	Bianchera Round table	Bianca Istriana	Belica Thursd a	Executive Bo D ay 10 May 20		Executive Boardroom E	Excecutive Cinema	Executive Boardroom G	New Conference Hall
9:00 - 11:00 11:00 - 11:30 11:30 - 13:00		ECOO Board of Management			COFFEE BRE					
13:00 - 14:00 14:00 - 15:30 15:30 - 16:00 16:00 - 18:00		ECOO Board of Examiners (cont.)	ECOO Executive Committee		COFFEE BRE					
16:00 – 18:00 19:30 – 22:00			ECOO Executive Committee	Friday	ECOO get togethe					
8:30 - 9:00 9:00 - 9:30 9:30 -10:00			ECOO Public Affairs and Economic Committee In Camera Meeting	ECOO Profesional Services Committee In Camera meeting						
10:00 – 10:30	HOYA WORKSHOP Petri Eskola and Sharbel Abi Ephrem: Modern digital vision	WORKSHOP Pavel Beneš and Svatopluk Synek: Practical skills in direct ophthalmoscopy		WORKSHOP Langis Michaud : Scleral lenses made easy	Board Meeting	EAOO	WORKSHOP Chaterine Porter and Nicholas Rumney: The ABC of BV – Vision Training for Busy	Demonstration and Practice of Optometric Refraction and Binocular Balance When	WORKSHOP Andreas Berke and Gustav Poeltner: Screening visual function	ECOO Professional Services Committee Public Meeting
10:30 - 11:00	WORKSHOP				COFFEE BRE	AK	Optometrists	Testing in Parallel		
11:30 – 12:30	Adele Longo and Davor Mihaljević: New techniques for the screening and refraction of presbyopic patients and for the	John Mc Gann and Rupal Lovell-Patel: Visual Stress		WORKSHOP Sebastian Marx and Julia Wittekind: Modern workflow	Board Meeting	EAOO	WORKSHOP Paolo Tacconella: Enhancing the efficacy and efficiency of binocular	WORKSHOP Katsoulos Konstatinos: Neuro - optometric	WORKSHOP Gustav Poeltner: "Out of the box" Soft lens and RGP - fits onto acclamation – interactive	ECOO Professional Services Committee Public Meeting (cont)
12:30 – 13:00 13:00 – 13:30	dispensing of progressive lenses	in practice		for dry eye evaluations			efficiency of binocular measurements	examination	acclamation – interactive case studies	ECOO LUNCH
13:30 – 14:00	Opening ceremony									
14:00 – 14:15	AGEING EYE Keynote lecture		SIG Contact Lenses	Educational Papers I Dinah Paritzhy: Active and interactive learning Sasha Machen: A review of						ECOO Public Affairs and Economic Committee
14.20	Thomas Freddo: Conjunctival Lesions: Links to Systemic Disease		IACLE Moderator: Costas Katsoulos	Wales Optometry Postgraduate Education Centre educational training and assessment to eye care practitioners in England from its inception in 2010 to the end of 2017						Public Meeting
14:30 – 15:00 15:00 – 15:30					COFFEE BRE	AK				
	Brett Bence: The			Clinical Papers I Chun Ki Angel: Clinical						
15:30 – 16:00	prominent Secondary Glaucomas			applications of prosthetic contact lenses: A case series Ravid Doron: Visual functions in keratoconus patients with relation to severity stages of the disease	Fellowship Inte	erviews				
16:00 – 16:30	With all C			Sung Hei Jimmy Tse: Scleral lens fitting in regular and irregular cornea: A case series Daniela Oehring: Validation of the objective evaluation of bulbar conjunctival redness in	,					
	Vibeke Sundling: Retinal assessment in diabetes: why, what and how			healthy and diseased eyes Clinical Papers II						ECOO WORKSHOP
16:30 – 16:45	Thomas Fred !!			Kristan Gross: Vision and road safety: Putting the brakes on a global public health threat Matjaž Mihelčič: Visual acuity revisited						
16:45 – 17:15	Thomas Freddo: Peri- orbital skin lesions – A logical approach		Elaine Grisdale and Daniela Nosch: Impact of	Yasleen Yolly: Retinal gene therapy and the future impact on optometry Ettore Tamajo: Do we really understand where the information in a human eye of						
17:15 – 17:45	Josip Čulig: Should optometrists use ophthalmic medicine?		digital age on optometric practice	information in a human eye of a photon ends, and the information of an electron begins?						
17:45 – 18:00	SPONSOR lecture Essilor Adele Longo: Vision R800 SPONSOR lecture Hoya: Latest insights on digital eve									
18:00 – 18:15 18:15 – 18:30	Latest insights on digital eye strain Petri Eskola SPONSOR lecture Johnson & Johnson		EAOO AGM (members only)							
18:30 – 18:45			_,							
19:00 – 21:00 07:30 – 09:00				Saturda	WELCOME DR					
25.50				Rapid Fire Papers I José Gonzales-Meijome: Contact lens wear in 2000 students between 17 and 25 years of age entering						
	CONTACT LENSES & OCULAR SURFACE Keynote lecture		SIG Binocular Vision and	University in 2015, 2016 and 2017 Antonio Miranda: Objective measurement of astigmatism induced by decentration of a bifocal contact lens				AOO meeting		
9:00 – 10:00	Mile Brujic: New opportunities for comfortable contact Lens wear		Paediatrics Moderator: Catherine Porter	Giancarlo Montani: Effects of different contact lens design on accommodative function and binocular vision of young adult subjects.						
				Heiko Pult: The Repeatability of Lid Parallel Conjunctival Folds and Lid Wiper Epitheliopathy						ECOO General Assembly
10:00 – 10:30	Heiko Pult: News from the TFOS DEWS II Dry Eye Report		luan Carlos Ondatoguis	José M. González- Méijome: <i>Topographical</i>				WORKSHOP Damjan Žunić and Antonio Mikulić : <i>Vision and</i>		
10:30 – 11:00	Andreas Hartwig: Management of dry eye in		How new technologies help us in optometric practice José M. González-Méijome: Innovation in contact lenses	diversity and function of retinal cells populations Jasleen Jolly: Dark adaptation techniques: are practically relevant to				Mikulić: Vision and sesnorimotor skills trainig		
	practice, considering new management options			practically relevant to modern trials?						
11:00 – 11:30 11:30 – 12:00	Daniela Oehring: Advanced Examination Techniques for the anterior eye		Gonioscopy Langis Michaud: Clinical	SIG Education Ellen Svarverud: Closing gaps in optometry curricula to meet	COFFEE BRE	AK				
	Holger Dietze: Advanced		evaluation of higher add bifocal soft contact lens to control axial length growth in myopic children Jennifer Brower: Low vision case study of a patient with	optometry curricula to meet the accreditation standards of the European Diploma of Optometry Vibeke Sundling: Flexible education and flipped						
12:00 – 12:30	Examination Techniques: Clinical application of OCT		macular degeneration David Berkow: Soft Contact Lenses for Keratoconus and Irregular Corneas Man Chi Yee: Toric Periphery multi-curve- designed	classroom: Professional				WORKSHOP Helmer Schweizer: The		ECOO General Assembly
	A.1. -		corneal RGP lens fitting in a Keratoconus patient: a case report Karola Panke: Review of biometric changes with					EUROMCONTACT Loyalty Simulator		orai Assembly
12:30 – 13:00	Nicholas Rumney: Advanced Examination Techniques: Interpretation of OCT		presbyopia as explanation for differences in near addition among equal age groups							
13:00 –14:00					LUNCH & EXHIB	SITION				
				Research Papers I Giancarlo Montani: Changes in relative peripheral refraction, HOAs and optical quality using						
44.50	Keynote lecture Lluisa Quevedo:		SIG Primary Care	a soft radial refractive gradient multifocal contact lens with different additions and optical zones. Jesse Michaels: Investigating						
14:00 – 15:00	Lluisa Quevedo: Visual Performance in Sports		Moderator: David Parkins	the role of visual-attentional abilities in driver safety José Gonzalez-Meijome: Changes in ocular accommodation with bifocal				WORKSHOP Melisa Vitek and Janice		Round table
				contact lenses with continuous viewing and intermittent visual deprivation between target vergences				Melisa Vitek and Janice Scharre: Evidence Based Clinical Decision-Making in Optometric Care		ECOO & OCCSEE Part I
				Clinical Papers III Helle Falkenberg:						
15:00 – 15:30	Giancarlo Montani: Ophthalmic and contact lens prescribing for sports		Sebastian Marx: Contact Lenses & Ocular Surface: CL Quiz	Implementing a multidisciplinary vision screening tool in acute stroke rehabilitation using knowledge translation Juan Carlos Ondategui Parra:						
				Non-mydriatic fundus imaging with a smartphone: influence of patient age Ana R. Vaz: Refractive and biometric parameters in a						
15:30 – 16:00	Fiona Anderson: When 'working' eyes are smiling		Helmer Schweizer: International Contact Lens	Portuguese population of 850 young adults entering University of Minho in 2017						Coffe break
16:30 – 17:00	Julie Anne Little: Vision in children with special educational needs			COFFEE I Young Researchers Session Ondřej Policar:Com-parison of two methods for prescribing prism and correlation with						Round table
17:00 – 17:30	Roger Crelier: Prismatic corrections – are you getting the correct amount?			symptoms Erna Vukalic:Spon-taneous visual acuity in students registering in the superior education for the first time						ECOO & OCCSEE Part II
	the correct amount?			Elena Iuliana Linde Coztiny: The effect of mydriasis on intraocular pressure and anterior chamber angle in narrow angles (grades 0-2) Cathrine Saastad: Near						
				correction and ocular health care service enhan-ce visual function in life-long male prisoners in Moldova Dorotea Prguda: Investigation						
17:30 – 18:00	John McGann: Clinical Management of			on the handling and disposal of contact lenses Ana Rita Tuna:Visual Changes Induced by Transcranial Magnetic						
	Clinical Management of Binocular Vision			Stimulation Kerstin Eller: Inclusion of an extended optometric exam in a traditional optician's shop Ricarda Schmidt: The Berlin Ortho-K-Study Results with						
				Bifocal Orthokeratology Contact Lenses						
18:00 – 18:15	SPONSOR lecture Optinova									
18:15 – 18:30 21:00	Joniova				CONFERENCE D	INNER				
				Sunday	y 13 May 201	18				
0.00	Keynote lecture Nicola	Educational Papers II Jeffrey Weaver: Challenges and solutions related to mobility of the optometry credential	Research Papers II Petr Veselý: Borders of aniseikonia for binocular vision: objective and subjective evaluation							
9:00 – 10:00	Logan: Update on myopia control research	Ala Paduca: Implementation of a new profession in Republic of Moldova - Optometry	Liat Gantz: Does prism order affect vertical fusional ranges? Clara Mestre: An automated and objective cover test to measure phoria							
	José González-Méijome:									
10:00 – 10:30	Understanding the optics of myopia control lenses	SIG Low Vision Moderator: Nicholas Black								
10:30 - 11:00 11:00 - 11:30	José González-Méijome: Implementation of myopia control into practice				COFFEE BRE	AK				
11:30 – 12:00	Norberto López-Gil: Regulate visual demand with digital devices Marc Argiles: Computer			Anterior Eye Research Papers Gustav Pöltner: Keratoconus and presbyopia: Multifocal contact lens solutions for keratoconic patients						
12:00 – 12:30	vision syndrome		Binocular Vision case reports Moderator: Remo Poffa Jonathan Shapiro: Use of yoked prisms in an "A" syndrome to re-align the	patients Heiko Pult: The develop-ment and evaluation of the new Ocular Surface Disease Index- 6 Peter Gierow: Comparison of						
12:30 – 13:00	Wrap-Up Session (Program Committee)		posture, and improve the corneal distortion Strang Niall: Case report: Bilateral superior rectus underaction	dry eye status before and after LASIK or implantation of Visian ICL Liat Gantz: Complications and compliance in over-the-counter						
	. Jami Sommuee)		Matjaž Mihelčič: Double vision in patient with keratoconus	versus fitted contact lens wearers David Berkow: Tears and Fears						
13:00 – 13:30	Closing conference
