

Friday, April 21, 2023

Time:	Ballroom	Palma	Ružmarin	Oleander
10:00-11:30	REGISTRATION			
11:30-13:00		WORKSHOP Basic analysis of the binocular vision disorders <i>Petr Vesely</i>	WORKSHOP How to integrate vision therapy activities into my optometric practice <i>Matic Vogrič</i>	WORKSHOP Essilor - Correct way of taking fitting measurements for Progressive lenses <i>Davor Mihaljevič</i>
13:00-13:30	OPENING CEREMONY			
13:30-14:30	Keynote lecture Myopia control - making it happen tomorrow <i>Bruce Evans</i>		WORKSHOP Investigating the Effect of Facial and Head Structure on Binocular Balance and Cortical Integration <i>Shapiro Jonathan</i>	
14:30-15:00	10 years of experience with scleral lenses: what did we learn? <i>Langis Michaud</i>			
15:00-15:30	Coffee Break & POSTER SESSION			
15:30-16:00	Does the dualism of photons determine our visual perception? <i>Ettore Tamajo</i>	HUU meeting 		WORKSHOP Primjena blizinskog vida ovisno o radnoj udaljenosti <i>Hlavaček Tamara</i> <i>Igor Božičković</i>
16:00-16:30	Three Approaches to Prescribing Prisms <i>Shapiro Jonathan</i>			
16:30-17:30	Optimizing Scleral Lens Fitting Utilizing OCT <i>Mile Brujić</i>		SIG - Education	
17:30-18:00	The effect of alcohol on the visual and ocular motor system <i>Matic Vogrič</i>			
18:00-18:30	Visual perception of pulsed near-infrared laser beams: two-photon vision and its contrast sensitivity function <i>Oliwia Kaczkoś</i>			EA00 meeting 

Saturday, April 22, 2023

Time:	Ballroom	Palma	Ružmarin	Oleander
09:30-10:00	How to screen for primary corneal ectasia <i>Naroo Shehzad</i>	WORKSHOP Selling the truth - refractive surgery pros and cons <i>Damjan Žunić</i>	WORKSHOP Practical skills in direct ophthalmoscopy <i>Pavel Beneš</i>	
10:00-10:30	Keratoconus : where are we in 2022 ? <i>Langis Michaud</i>			
10:30-11:00	Essilor - Impact of fitting and refraction on progressive lenses adaptation <i>Davor Mihaljević</i>			
11:00-11:30	Coffee Break & POSTER SESSION			
11:30-12:30	Keynote lecture "Use of telemedicine in contact lens practice" <i>Naroo Shehzad</i>	WORKSHOP Essilor - Correct way of taking fitting measurements for Progressive lenses <i>Davor Mihaljević</i>		WORKSHOP Splendor - Discover the new Surface Technologies from Alcon for daily and reusable contact lenses in Sphere and Toric. Get to Know Precision 1, TOTAL 30 and explore how a stable toric design looks like. <i>Liazos Theofanis</i>
12:30-13:00	Ocular side effects of systemic medication <i>Josip Čulig</i>			
13:00-14:00	BREAK			
14:00-14:30	Special Olympics in East European countries <i>Pavel Beneš</i>	WORKSHOP Essilor- Correct way of taking fitting measurements for Progressive lenses <i>Davor Mihaljević</i>	WORKSHOP Sports vision - sensorimotor skills training <i>Damjan Žunić, Antonio Mikulić</i>	Joung research: Nika Sever - Sustainable development in the field of optometry: application of esg concept Ira Žurić - entrepreneurship in optics and optometry by 22 years old student Jakov Kušt - Binocular vision anomalies and influence in everyday tasks(/operations)
14:30-15:00	Assessing the School-aged Child for Accommodative Problems <i>Allison Christine</i>			
15:00-16:00	Orthoptics for the busy optometrist <i>Bruce Evans</i>			
16:00-16:30	The role of red light in optometry <i>Andreas Hartwig</i>			
16:30-17:00	Coffee Break & POSTER SESSION			
17:00-18:00	Anterior Segment Disease and the Systemic Link <i>Mile Brujić</i>			SIG - Education - ERASMUS +
18:00-18:30	Modern Ophthalmology - a technical marvel with human input <i>Ivan Gabrić</i>			
18:30-19:00	From theory to practice: myopia management in 2022 <i>Langis Michaud</i>			

Sunday, April 23, 2023

Time:	Ballroom	Palma	Ružmarin	Oleander			
10:00-10:30	The impact of uncorrected myopia on school-aged children, evidence from Kosovo <i>Eva Lazuka-Nicoulaud</i>						
10:30-11:00	What systemic disease we can find out from observing the eyes and how to refer patients to general practitioner <i>Andrea Rapino</i>						
11:00-11:30	Coffee Break & POSTER SESSION						
11:30-12:00	Novel objective measurements Impact on patients' assessment of their vision following cataract surgery or refractive lens exchange <i>Mirjana Šiljegović</i>						
12:00-12:30	Considering the Dominant Eye in Practice <i>Shapiro Jonathan</i>						
12:30-13:00	Contact lenses in the context of environmental health problems - Portugal and Croatia comparative study <i>Sanja Kalambura</i>						
13:00-13:20	CLOSING CONFERENCE
