Short description (28 words and 154 characters)

Philip Morgan is Professor of Optometry, Head of Optometry, Deputy Head of the Division of Pharmacy and Optometry, and Director of Eurolens Research at The University of Manchester.

Short biography (~200 words version)

Philip Morgan is Professor of Optometry, Head of Optometry, Deputy Head of the Division of Pharmacy and Optometry, and Director of Eurolens Research at The University of Manchester. He is also Adjunct Professor at UNSW Sydney. His main research interests relate to the clinical performance of contact lenses and he teaches on the same subject area at undergraduate and postgraduate level. He has managed an annual international survey of contact lens prescribing trends since 1996.

Philip is President of the International Association of Contact Lens Educators and Past President of both the Manchester Statistical Society and the International Society for Contact Lens Research. He is an honorary member of the UK Association of Contact Lens Manufacturers, a Fellow of the American Academy of Optometry and the British Contact Lens Association, and a member of the UK College of Optometrists. Philip was the BCLA Medallist in 2014, BCLA Pioneer's Lecturer in 2015 and the winner of both the 2019 Max Schapero Award and 2026 Fry Award of the American Academy of Optometry. He is a past chairman and secretary of the Northern Optometric Society in Manchester. He has authored over 200 papers, primarily relating to the clinical performance of contact lenses and the nature of the UK and international contact lens markets, and has spoken about his work in about 40 countries worldwide.
